TransitCloud Document Currency Pilot Certificate

Verification of Successful Demo Pilot Execution

This certifies that the Author of Record successfully executed a live end-to-end demonstration pilot of the TransitCloud Document Currency Infrastructure, including document instrument creation, deterministic bundle construction, MetaByte (bundle-of-bundles) aggregation, and cryptographic verification of the resulting root proof.

Author of Record	Kam Swygert
System	TransitCloud Document Currency / RailDoc v1
Instrument	GENESIS DOCNOTE 00000001
Master SHA256	PASTE_MASTER_SHA256_HERE
Master Signature FP	PASTE_MASTER_SIG_FP_HERE
MetaRoot SHA256	PASTE_METAROOT_HERE
Status	Pilot Successfully Executed
Date (UTC)	2026-02-23T00:23:41Z
